Target version:	0.0.2		
Redmine version:	2.3.3	**External issue:**	

Description

Working with SVN trunk version.

Deleting a project section triggered an exception.
This turned out to be due to the fact that the before_filter :find_parent_section in project_sections_controller.rb was not defined for the 'destroy' action.
I changed the definition as follows:

```
before_filter :find_parent_section, :only => [ :edit, :update, :destroy ]
```

and now it works.

Associated revisions

Revision 18 - 31 May 2014 22:44 - Andriy Lesyuk

Renamed CSS file, applied community patches (#2252, #2253, #2275 and #2279)

History
