

Orangutan - Enhancement #1081

Disabling contexts + maybe changing weight from config file

01 Nov 2010 18:07 - Andriy Lesyuk

<b>Status:</b>	Closed	<b>Start date:</b>	01 Nov 2010
<b>Priority:</b>	Minor	<b>Due date:</b>	01 Feb 2011

<b>Target version:</b>	1.05		
<b>Description</b> In <a href="#">Softjour</a> we want all task description to be English (do we?)... That's why NonASCII context was created.  But for other companies/users it can be needless. So instead of requiring to remove context we can allow to turn it off.  This should be done with configuration option:  <code>contexts.disable = NonASCII</code>  If multiple options are present - create array  In addition we can allow changing weight of context from configuration file...
