Meta - Bug #1689

Meta description is not generated for project page when "fetched" by Facebook

25 Mar 2011 23:25 - Andriy Lesyuk

Status:	Won't Fix	**Start date:**	25 Mar 2011
Priority:	Normal	**Due date:**	08 Jun 2011

Category:		**Estimated time:**	0.00 hour
Target version:			
Redmine version:		**External issue:**	

Description

When I paste project overview page URL into Facebook as a link Facebook fetches this URL and extracts Meta description. For some reason this Meta description is still equal to "Redmine" while it looks correct when checking HTML source... I guess Facebook adds something to HTTP request. Not sure what this could be.

History

#1 - 08 Jun 2011 10:29 - Andriy Lesyuk

- Due date set to 08 Jun 2011

- Status changed from Incomplete to Won't Fix

- Assignee set to Andriy Lesyuk

It looks like it was an issue with base.rhtml file... There wete two such files on the system - the core one and one in some plugin. Not sure why but sometimes worked the "wrong" file... After fixing both files the issue does not appear any more.
