- Status changed from New to Open
- Assignee set to Andriy Lesyuk
- Target version set to 1.0.1

A good idea! Thanks for report!  
I plan to change the UI and name in 0.1.0 (see [#1754](#)). So this feature will appear in that version.

- Target version deleted (1.0.1)

So, the UI has changed in [1.0.0](#) but the feature has not been implemented. Sorry. Also I'm not sure, when will it be implemented...

At the moment I see two options to implement the feature:

1. To add project checkboxes.  
In this case we are going to have multiple contents for different sets of projects?.. Looks to be wrong. Content just for some project (and not for others)?.. Seems to be limiting.
2. To support some conditions inside the content.  
Looks to be related or even a duplicate of [#2209](#).

Also: [Pedro](#), per-project ohlo buttons, I guess, can be added using [Sidebar Content](#)...
