Redmine version:			

Description

If I set the Sidebar to display a Wiki page, I get this:

```
ActionView::TemplateError (undefined method `strip_tags' for #<SidebarHook:0xb56a6dcc @parsed_headings=[]>) on line #59 of app/views/layouts/base.rhtml:
```

```
56: <%= tag('div', {:id => 'main', :class => (has_content?(:sidebar) ? ' ' : 'nosidebar')}, true) %>
57:   <div id="sidebar">
58:     <%= yield :sidebar %>
59:     <%= call_hook :view_layouts_base_sidebar %>
60:   </div>
61:
62:   <div id="content">
```

Doesn't seem to matter which location I choose.

I also get the error if I try to use Wiki-style formatting in a Text option ("h1." for example).

I'm using Redmine 1.2.0 stable in a Turnkey Linux VM.

Any input appreciated.

Associated revisions

Revision 8 - 14 Sep 2011 08:07 - Andriy Lesyuk

Now using Projects Settings Hook (#1839), moved sidebar content to views (#1827, #1797, #1809)

History

#1 - 29 Jun 2011 04:59 - Andriy Lesyuk

- Status changed from New to Open
- Assignee set to Andriy Lesyuk

This can be related to version 1.2.0... Will check. Thanks for the report.

#2 - 12 Aug 2011 21:49 - Adam Mallinson

I get this same error when using headings (tested with h1, h2 and h3 tags), if i take the headings out i can still use underline and other formatting options with no problems

Running Mongrel 1.5, Ruby 1.8.7 and Redmine 1.2.1 under Windows Server 2008 R2

#3 - 23 Aug 2011 18:48 - Andriy Lesyuk

- *Target version set to 0.0.3*

#4 - 14 Sep 2011 08:11 - Andriy Lesyuk

- *Status changed from Open to In Progress*

- *% Done changed from 0 to 80*

Try updating code from SVN.

Please also note that now you also need [Project Settings Hook](#) plugin!

#5 - 19 Sep 2011 06:33 - Andriy Lesyuk

- *Due date set to 19 Sep 2011*

- *Status changed from In Progress to Closed*

- *% Done changed from 80 to 100*

I believe the issue has been resolved.
