Description
A form could be added to the administration panel allowing to select <u>user</u> custom field, specify an icon and add it to the author box.

History

#1 - 07 Sep 2011 11:42 - Andriy Lesyuk

- Target version set to 0.0.3

#2 - 08 Sep 2011 07:26 - Andriy Lesyuk

- Assignee set to Andriy Lesyuk

- Target version changed from 0.0.3 to 1.0.0

Decided to postpone the task... The task would also need some kind of Redmine Administration Settings Hook plugin (similar to [Project Settings Hook](#) plugin)...

#3 - 30 Oct 2011 11:40 - Andriy Lesyuk

- Target version changed from 1.0.0 to 0.1.0

#4 - 04 Feb 2012 15:50 - Andriy Lesyuk

In new version an author box will have icons panel. The plugin should allow putting custom fields of types "Link" and "URL" (provided by [Eric Davis plugin](#)) there...

The configuration form will let choosing:

- Icon (should be uploaded)
- Field (from list)

If neither "Link" nor "URL" type is available the form should not be shown.

Need also to check if Eric's URL is able to return just URL (not HTML)...

#5 - 04 Feb 2012 15:51 - Andriy Lesyuk

While above suggestion solves icons problem the issue with company name and position in author box (provided by the [Extended Profile](#) plugin) remains unresolved... Right now [Extended Profile](#) relies on custom field names what makes it totally unflexible. The idea is to add a form in Administration panel allowing to specify not only icons but some other fields as well.

Saying dialog may allow:

- Choosing a text custom field to be displayed on the author box
- Optionally choosing a link for this text custom field (will require "Link" or "URL" custom field types)
- Any number of such fields can be specified

#6 - 20 Sep 2012 20:38 - Andriy Lesyuk

- Target version changed from 0.1.0 to 1.0.0
