Did not get. How to reproduce the issue?

#2 - 16 Sep 2011 02:54 - Riceball LEE

Reproducing Steps

1. ensure the extened_profile in the vender/plugins dir
2. remove/empty the database, such as: db/production.sqlite3
3. rake db:migrate
4. rake db:load_default_datas
5. rake db:migrate_plugins
6. ruby script/server

Need logout first(if cookie is not clear). then u can get the error:

```

I got the reason:

The problem is in the ExtendedUserPatch:

```
validates_presence_of :extended_profile
```

comment it the anonymous user can be created.

#6 - 17 Sep 2011 08:35 - Riceball LEE

Change to this to avoid the problem:

```
validates_presence_of :extended_profile, :unless => Proc.new { |user| user.is_a?(AnonymousUser) }
```
