<b>Target version:</b>			

#### Description

When getting a list of tasks (show tasks), the list includes numbers. It would be nice to be able to select a number, e.g.:

```
work on 1)
<or>
continue with 1)
```

As it is, to go back to a task (that's not last in the list) I have to either copy and paste the task description or create a new one that's worded differently even if it's really the same task I'm going back to.

#### History

##### #1 - 03 Nov 2011 17:15 - Andriy Lesyuk

- Status changed from New to Open
- Assignee set to Andriy Lesyuk

Thanks for suggestion!
