

WikiNG - Feature #1901

Mentions in user profile

27 Nov 2011 10:55 - Andriy Lesyuk

Status:	Closed	Start date:	27 Nov 2011
Priority:	Normal	Due date:	13 Oct 2013
Assignee:	Andriy Lesyuk	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	1.0.0b		
External issue:			
Description			
The plugin supports user:[login]... And it would be great if pages where a user had been mentioned were displayed in user profile under "Mentions" tab or something like this (Yeah! Twitter-like!)...			
The issue is how to do this... I guess the plugin should add observers to models saving textilizable texts. On save the plugin should:			
<ul style="list-style-type: none">• Load current mentions (<i>on update</i>);• Get the difference;• Update mentions table.			
In user profile mentions should be shown in chronological order.

The issue is how to do this...

May be some cron task?

#5 - 25 Sep 2013 17:31 - Andriy Lesyuk

The question is not “what is the way to collect mentions”, but “how to be able to render URLs and associate mentions with mentioning objects”... I considered at least three ways to collect mentions, so it was not the problem. In other words, seems, finally, I got the idea how to do this...

And even started to...

#6 - 25 Sep 2013 17:34 - Andriy Lesyuk

- Status changed from Open to In Progress
- % Done changed from 0 to 30

#7 - 26 Sep 2013 12:03 - Andriy Lesyuk

- File new-mentions-tab.png added

Here is a screenshot:

#8 - 26 Sep 2013 12:27 - Andriy Lesyuk

- % Done changed from 30 to 60

#9 - 26 Sep 2013 14:25 - Ivan Cenov

I understood now...

Do you plan to embed some grouping/filtering in the list: by project, by time period etc?

#10 - 26 Sep 2013 14:27 - Andriy Lesyuk

[Ivan Cenov](#) wrote:

Not currently... This feature is experimental currently. Let's first see how it works.

#11 - 26 Sep 2013 14:42 - Andriy Lesyuk

Also there will be the full list of mentions, where you will be able to check them for any time period (by clicking "Previous").

#12 - 13 Oct 2013 23:07 - Andriy Lesyuk

- % Done changed from 60 to 100

#13 - 14 Oct 2013 21:48 - Andriy Lesyuk

- Due date set to 13 Oct 2013

- Status changed from In Progress to Closed

#14 - 23 Oct 2013 11:53 - Miodrag Milic

This is fantastic. Thanks a lot.

#15 - 23 Oct 2013 12:17 - Miodrag Milic

Oh yeah did you plan for mention notifications ?

#16 - 23 Oct 2013 15:05 - Andriy Lesyuk

Sure, I do! This has been, actually, already implemented (available in SVN).

#17 - 14 Apr 2014 14:16 - Miodrag Milic

I tried the latest SVN version and I dont see mentions tab. During installation I migrated database and it listed creation of if I remember correctly 2 new tables one of which was named mentions.

Is there anything particular to do to enable this ?

I just entered on Wiki page user:mmmilic and clicked on the link it created but I don't see any mentions. I edited wiki text once as myself and other time as another user.

This is my setup:

Environment:

Redmine version	2.3.0.devel.11513
Ruby version	1.9.3 (x86_64-linux)
Rails version	3.2.12
Environment	production
Database adapter	Mysql2

Redmine plugins:

redmine_category_tree	0.0.3
redmine_contacts	3.2.7-pro
redmine_contacts_helpdesk	2.2.5-pro
redmine_default_assign	0.4
redmine_dmsf	1.4.5 stable
redmine_inline_attach_screenshot	0.4.6
redmine_issue_templates	0.0.6
redmine_ldap_sync	2.0.2.devel.gdd55d9edd0-dirty
redmine_lightbox	0.0.1
redmine_logs	0.0.5
redmine_people	0.1.6
redmine_plugin_views_revisions	0.0.1
redmine_private_wiki	0.2.2
redmine_projects_accordion	0.1.0
redmine_repubrowser	1.3.0
redmine_stealth	0.6.0
redmine_theme_changer	0.1.0
redmine_user_profiles	0.1.1
redmine_wiki_extensions	0.6.4
redmine_work_time	0.2.14
redmine_xls_export	0.2.1
sidebar	0.1.1
wiking	0.1.0

#18 - 17 Apr 2014 12:47 - Miodrag Milic

@ [Andriy Lesyuk](#)

I checked out production log and everything looks normal:

```
Processing by UsersController#show as HTML
  Parameters: {"id"=>"mmilic"}
  Current user: mmilic (id=3)
  Rendered plugins/redmine_contacts/app/views/users/_contact.html.erb (8.3ms)
  Rendered plugins/redmine_user_profiles/app/views/users/_show_user_profile.html.erb (6.8ms)
  Rendered plugins/wiking/app/views/users/_activity.html.erb (0.5ms)
  Rendered common/_tabs.html.erb (1.4ms)
  Rendered plugins/wiking/app/views/wiking/_mentions.html.erb (3.6ms)
  Rendered users/show.html.erb within layouts/base (82.3ms)
  Rendered plugins/redmine_private_wiki/app/views/hooks/_html_header.html.erb (0.0ms)
  Rendered plugins/redmine_wiki_extensions/app/views/wiki_extensions/_html_header.html.erb (0.0ms)
  Rendered plugins/redmine_repbrowser/app/views/repbrowser/_toolbarmod.erb (0.0ms)
  Rendered plugins/sidebar/app/views/sidebar/_base.html.erb (0.1ms)
  Rendered plugins/redmine_private_wiki/app/views/hooks/_body_bottom.html.erb (0.1ms)
  Rendered plugins/redmine_wiki_extensions/app/views/wiki_extensions/_body_bottom.html.erb (0.0ms)
```

I can see that mentions is rendered

```
Rendered plugins/wiking/app/views/wiking/_mentions.html.erb
```

I currently don't have an option to disable other plugins to see if its interaction problem. Is there anything else I can do to debug this issue ?
