Description

I think, in the install of [this page](#)

there must be second item like below:

- Run: rake db:migrate:plugins RAILS_ENV=production

I only could install the plugin by using that command.

New fresh install, not upgrade!

I didn't try to fix it myself that I'm not sure.

History

#1 - 16 Feb 2012 12:30 - Andriy Lesyuk

- Due date set to 16 Feb 2012

- Status changed from New to Closed

- Assignee set to Andriy Lesyuk

Yeah, you're right! Otherwise user needs to add profile fields manually... Thanks!
