

## Orangutan::Redmine - Feature #20

### Let user specify what he did during a break

08 Oct 2009 19:01 - Andriy Lesyuk

<b>Status:</b> Open	<b>Start date:</b>

<b>Target version:</b>	
<b>Description</b> Saying I'm working on something and suddenly my manager asks me to attend a meeting. Saying the meeting lasts for an hour. When I get back Orangutan asks me if he should record a break. That's fine! But it would be cool if I could answer something like: "Yes... I had a meeting with my manager.". And he would add this as a task.
