In the Project custom field combo, it would indeed be nicer to have projects sorted by alphabetical order.

In order to do so, you can modify /lib/extended_field_format.rb lines 19 and 21:

```
def possible_values_options(custom_field, object = nil)
  if object.is_a?(User)
    projects = Project.visible(object).all.sort
  else
    projects = Project.visible.all.sort
  end
  projects.collect{ |project| [ project.name, project.id.to_s ] }
end
```
