I see that on your page you have nice logo. How it is possible to add one to the custom redmine installation?

Hi!

I did this by modifying base layout: <http://projects.andriylesyuk.com/projects/base/repository/entry/AndriyLesyuk/app/views/layouts/base.rhtml>

And defining CSS: <http://projects.andriylesyuk.com/projects/base/repository/entry/AndriyLesyuk/assets/stylesheets/andriylesyuk.css>

It seems that I have to modify the base.rhtml file. Thanks.
