Description			
I continue getting spam posts like:			
<div>Thanks for your marvelous posting! I actually enjoyed reading it, you will be a great author.I will ensure that I bookmark your blog and will come back in the foreseeable future. I want to encourage that you continue your great job, have a nice weekend! myFASHION-TRENDSKOM</div>			
Where "myFASHION-TRENDSKOM" is a link...			
There should be some way to protect site against such messages... It looks to be some bot... Need more information about it.			

History

All such users have same login, first name and last name, chose [Orangutan](#) as the project of interest, and "Ελληνικά" as the language... In "OpenID URL" they have just some URL (not OpenID).

At least I'm sure that I can make manual activation for such users...
