

SCM Creator (+Github) - Bug #2102

Code to strip '.git' extensions is not correct.

27 Sep 2012 08:21 - Martin Corino

Status:	Closed	Start date:	27 Sep 2012
Priority:	Normal	Due date:	14 Nov 2012
Assignee:	Andriy Lesyuk	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	0.4.2	External issue:	
Redmine version:	2.1.0		

Description

The code (regular expression) to strip the '.git' extension from repository paths is not correct. It now also strips anything that ends with any character followed by 'git'.

This is the result of constructing a regular expression from a string and forgetting the rule that in a string to get an escape character you have to escape that escape, i.e. "\\".

Below the patch I made to fix this.

```
diff --git a/plugins/redmine_scm/lib/creator/git_creator.rb b/plugins/redmine_scm/lib/creator/git_creator.rb
