

## Extended Fields - Bug #2123

### Issue with Redmine 2.1.2

16 Nov 2012 08:39 - Bruno Spyckerelle

<b>Status:</b>	Closed	<b>Start date:</b>	16 Nov 2012
<b>Priority:</b>	Normal	<b>Due date:</b>	24 Jan 2013
<b>Assignee:</b>	Andriy Lesyuk	<b>% Done:</b>	100%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.2.1	<b>External issue:</b>	
<b>Redmine version:</b>			

#### Description

There's a bug when trying to load the issues view :

```
Started GET "/issues" for 127.0.0.1 at 2012-11-16 09:26:20 +0100
Processing by IssuesController#index as HTML
  Current user: admin (id=1)
Completed 500 Internal Server Error in 140ms
```

```
ArgumentError (wrong number of arguments (2 for 1)):
  app/models/query.rb:911:in `block (2 levels) in add_associations_custom_fields_filters'
  app/models/query.rb:909:in `each'
  app/models/query.rb:909:in `block in add_associations_custom_fields_filters'
  app/models/query.rb:907:in `each'
  app/models/query.rb:907:in `add_associations_custom_fields_filters'
  app/models/query.rb:308:in `available_filters'
  app/helpers/queries_helper.rb:127:in `build_query_from_params'
  app/helpers/queries_helper.rb:95:in `retrieve_query'
  app/controllers/issues_controller.rb:56:in `index'
```

#### Environment:

```
Redmine version      2.1.2.stable
Ruby version         1.9.3 (i386-mingw32)
Rails version        3.2.8
Environment          production
Database adapter     SQLite
```

I also tested [r74](#), but it didn't change anything.

Thanks !

#### History

##### #1 - 16 Nov 2012 10:54 - Andriy Lesyuk

- Status changed from New to Open
- Assignee set to Andriy Lesyuk
- Target version set to 0.2.1

Thanks for reporting!

##### #2 - 16 Nov 2012 11:05 - Andriy Lesyuk

What query are you using? Does it use any extended custom fields?

##### #3 - 17 Nov 2012 11:53 - Bruno Spyckerelle

Every query involving a list of issues are broken.

The plugin was just installed on a new installation for testing purpose and therefore no extended custom fields are used.

#### #4 - 21 Nov 2012 16:41 - Bruno Spyckerelle

I reproduced the bug on the following environment :

```
Environment:
  Redmine version      2.1.2.stable.10770
  Ruby version         1.8.7 (i486-linux)
  Rails version        3.2.8
  Environment          production
  Database adapter     MySQL

Redmine plugins:
  extended_fields      0.2.1
  redmine_ldap_sync   1.2.0
  redmine_monitoring_controlling 0.1.1
  redmine_wiki_extensions 0.6.0
```

#### #5 - 03 Dec 2012 17:22 - Bruno Spyckerelle

I tried on a fresh install of Redmine 2.1.4 : the bug is still there.

#### #6 - 03 Dec 2012 17:52 - Andriy Lesyuk

Is error the same?

#### #7 - 03 Dec 2012 18:30 - Bruno Spyckerelle

Yes, exactly the same.

Did you achieve to reproduce the bug ?

#### #8 - 05 Dec 2012 08:05 - Bruno Spyckerelle

As said in the bug [#2127](#), I can't install extended\_fields anymore.

What I did first was to update (svn up) redmine with extended\_fields already installed, and this bug was still occurring.

I tried to wipe out everything in order to start from the beginning and see if I did not failed something during the install process, and discovered a new bug Sorry

#### #9 - 19 Jan 2013 23:46 - Andriy Lesyuk

- Status changed from Open to In Progress

- % Done changed from 0 to 100

I believe that I have fixed this issue. Please try the latest code from SVN and confirm. Thanks.

#### #10 - 24 Jan 2013 13:51 - Andriy Lesyuk

- Due date set to 24 Jan 2013

- Status changed from In Progress to Closed

Ok, assuming the fix works...

**#11 - 24 Jan 2013 17:27 - Bruno Spyckerelle**

Sorry, notifications were considered as spam, I just saw them.  
I'll try your fix asap !

**#12 - 07 Apr 2013 08:28 - Bruno Spyckerelle**

Sorry for the delay.  
Your plugin works like a charm with redmine 2.2.3 (debian/apache/mysql) !  
Thanks !
