

Sidebar Content - Bug #2150

Wrong content for HTML code

08 Feb 2013 15:19 - Mathias K

Status:	Closed	Start date:	08 Feb 2013
Priority:	Normal	Due date:	07 Jul 2013
Assignee:	Andriy Lesyuk	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	0.1.1	External issue:	
Redmine version:	2.2		

Description

There is a problem with the output of HTML code in the sidebar. The HTML code is converted to text:

Original:

```
<br>Support us:<br><br>
```

HTML Output:

```
<br>Support us:<br><br>
```

The preview in the settings looks good but the final output is wrong.

HTML Output as Image ...

#2 - 05 Mar 2013 12:20 - Alexander van der Mey

I can confirm this issue on Redmine 2.2.3. I briefly looked into the code, but I'm not familiar with Ruby at all. Previewing HTML works OK however, so my guess is the call to the normal viewing rendering goes wrong somehow?

#3 - 18 Apr 2013 08:29 - Mathias K

I found a solution to fix this problem:

The line 15 in sidebar/app/helpers/sidebar_content_helper.rb:

```
content = sidebar.content
```

should be

```
content = sidebar.content.html_safe
```

This works with redmine 2.2.4.

Regards,

Mathias
