- Subject changed from My site's Display lanugage was only English, when I installed plugin. to My site's Display lanugage was only English, when I installed plugin

#2 - 11 Aug 2013 17:08 - Andriy Lesyuk

- Status changed from New to Incomplete

I failed to reproduce this bug...

The language of the site does not actually depends on the setting! Settings define the default language only! And the actual language depends on the browser's Accept-Language header.

Also, I see no way how this can be affected by the Meta plugin...

Can anyone else reproduce this bug?
