The active method doesn't seem to support arguments. You can workaround this bug by changing the first line of plugins\extended\_fields\app\views\custom\_fields\\_extended.html.erb

from

```
<% projects = Project.all_public.active(:order => 'name').collect{ |project| [ project.name, project.id ] } %>
```

to

```
<% projects = Project.all_public.active.collect{ |project| [ project.name, project.id ] } %>
```

Hint in [#2153](#) and patch [#2181](#) solved my problem. Thanks

You can close my issue
