

Orangutan::Redmine - Feature #230

Starting task/time entry and new issue at the same time

16 Apr 2010 00:31 - Andriy Lesyuk

Status:	Open	Start date:	
Priority:	Minor	Due date:

Category:		Estimated time:	0.00 hour
Target version:			

Description

In the testing phase most of their time developers fix bugs. Mostly these are small bugs. So it can be a headache to add issues to Redmine and then to add time logs using Orangutan...

The idea is to create a context which would allow to create issue and time log with one “command”.

The syntax can be:

```
User: Fixing new issue: Dialog is shown incorrectly [high]
```
