History

#1 - 15 Dec 2014 07:59 - Andriy Lesyuk

- Tracker changed from Bug to Support
- Status changed from New to Open
- Target version deleted (0.2.4)
- % Done changed from 0 to 10

Please try moving extended_fields_helper.rb from app/helpers to lib. Let me know, if it helps.

#2 - 11 Jan 2015 16:19 - Sergey B

I fixed it in another way. The problem was in wrong directory name. After I renamed the plugin folder from extended-fields to extended_fields, problem had been solved.
