<b>Description</b>			

#### Associated revisions

##### Revision 121 - 04 Oct 2015 21:49 - Andriy Lesyuk

First fixes for 3.x (#2365)

#### History

##### #1 - 31 Mar 2015 08:28 - Olivier Houdas

In particular, in the Redmine Admin section, Projects or Users fail with error 500, because of the following error:  
W, [2015-03-31T10:22:11.347198 #30506] WARN - : WARNING: Can't mass-assign protected attributes for UserListSetting: user\_id, list in app/models/user\_list\_setting.rb, which results in having

```
list:nil
```

inside

```
def list_class
```

later in the code of that file

##### #2 - 07 Apr 2015 08:17 - Olivier Houdas

Note: adding

```
attr_accessible :user_id, :list
```

on line 7 after

```
serialize :columns, Array
```

fixes the issue (I found this tip in a forum), however, I'm not good enough in Ruby to understand the extent of this change.

**#3 - 07 Apr 2015 09:31 - Olivier Houdas**

- File *Extended-fields-rails4.2.patch* added

There is another issue with Rails 4: deprecated `.find(:all, options)` is now creating errors.  
→ see `extended_calendars_controller_patch.rb`

Attached is a patch with my changes, which fix the issues I've noticed so far.

**#4 - 01 Oct 2015 12:12 - Andriy Lesyuk**

- Status changed from *New* to *Open*  
- Target version set to *0.2.4*

**#5 - 04 Oct 2016 07:09 - Andriy Lesyuk**

- Tracker changed from *Bug* to *Feature*  
- Status changed from *Open* to *In Progress*  
- % Done changed from *0* to *50*

**#6 - 04 Oct 2016 08:35 - Jacek Pasternak**

In 3.0.7 “#” column is doubled

**#7 - 04 Oct 2016 08:37 - Jacek Pasternak**

- File *extended\_fileds\_bug.png* added

**#8 - 08 Apr 2018 10:25 - Adnan Topçu**

3.0 support is not enough
