

RedWord - Bug #2368

Next and prev links for multi-page articles

02 Apr 2015 17:27 - Andriy Lesyuk

Status: Open	Start date: 02 Apr 2015
Priority: Minor	Due date:
Assignee: Andriy Lesyuk	% Done: 0%

Target version:	
Description	
<p>Accordingly to Google rel="prev" and rel="next" links of the multi-page article should point to the previous and next pages of the article: https://support.google.com/webmasters/answer/1663744</p> <p>However, WordPress seems to use "neighbor" articles for these links, what can potentially cause issues.</p>
