Description

Quote from user report:

> I was using the Google Login, but haven't been logging in for a long period. Today I wanted to update my profile but login fails. I tried two ways:
>
> 1. Login by clicking on that Google logo. This doesn't work but is forwarding me to this page: https://support.google.com/accounts/answer/6206245?p=openid&rd=1
> 2. When entering the profile link it causes an "Internal Error" at your Redmine instance.
