Redmine version:	3.2.x		**External issue:**	

Description

I had to go beyond Massimo Rossello's patch (#2367, also incorporated into this patch), to get this working on Redmine 3.2 / Rails 4.2.5. See attached patch.

Tested with:

```
  Redmine version               3.2.0.stable
  Ruby version                  1.9.3-p448 (2013-06-27) [x86_64-linux]
  Rails version                 4.2.5
  Environment                   development
  Database adapter              Mysql2
```

History

#1 - 08 Mar 2016 15:18 - Txinto Vaz

Hello, I added this patch and worked on mine:

```
Environment:
  Redmine version               3.2.0.stable.1165
  Ruby version                  2.1.5-p273 (2014-11-13) [x86_64-linux-gnu]
  Rails version                 4.2.5.1
  Environment                   production
  Database adapter              Mysql2
```

But this cause to appear the old known issue of loosing the syntax help page: #2158

This is the exact log:

```
Started GET "/help/wiki_syntax.html" for ::1 at 2016-03-08 15:06:42 +0000

```

Does it happen to anyone more?

Thanks (Rob) for the patch, and, as always, Andriy for fantastic wiking!

- File wiking-redmine-3.2-help404.patch added

Hello again. I've workarounded the problem by patching the 'wiki_syntax' words to 'wiki_syntax_textile'.
The patch is included here.

This is not a fix, it probably don't work in your system, but will help people to find the problem.

Sorry, in fact the current file breaks the wiking help, I'll update it in a while. DO NOT use it.

Please, can you remove this wrong file? I have not permission to delete the file.

Best regards and thank you.

I upload the correct file. This does not break the wiking help in my system.

Sorry and thank you.

Hi, thanks for the patch, which is working fine so far.
Except the user page. I already had this problem with the patch from Massimo Rossello
Could you please fix this or help me to fix this, when its an error which only appears in our redmine installation?
I applied both patches wiking-redmine-3.2.patch and wiking-redmine-3.2-help404.patch
