

SCM Creator (+Github) - Bug #2417

redmine_scm breaks /admin/info

03 Dec 2016 14:29 - Lukas Pirl

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Andriy Lesyuk	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	0.5.1	External issue:	
Redmine version:			
Description			
redmine_scm breaks the page /admin/info with the following error:			
<pre>App 50911 stderr: Rendered admin/info.html.erb within layouts/admin (155.7ms) App 50911 stderr: Completed 500 Internal Server Error in 178ms (ActiveRecord: 2.6ms) App 50911 stderr: App 50911 stderr: ActionView::Template::Error (The provided regular expression is using multiline anchors (^ or \$), whi ch may present a security risk. Did you mean to use \A and \z, or forgot to add the :multiline => true option?): App 50911 stderr: 12: </table> App 50911 stderr: 13:
 App 50911 stderr: 14: <div class="box"> App 50911 stderr: 15: <pre><%= Redmine::Info.environment %></pre> App 50911 stderr: 16: </div> App 50911 stderr: 17: App 50911 stderr: 18: <% html_title(l(:label_information_plural)) -%> App 50911 stderr: plugins/redmine_scm/app/models/repository/github.rb:4:in `<class:Github>' App 50911 stderr: plugins/redmine_scm/app/models/repository/github.rb:3:in `<top (required)>' App 50911 stderr: lib/redmine/info.rb:21:in `block in environment' App 50911 stderr: lib/redmine/info.rb:20:in `each' App 50911 stderr: lib/redmine/info.rb:20:in `environment' App 50911 stderr: app/views/admin/info.html.erb:15:in `_app_views_admin_info_html_erb___86724278 739817359_66792600'</pre>			
A hotfix is (it's probably also the proper fix) to replace '^' with '\A' and '\$' with '\z' in plugins/redmine_scm/app/models/repository/github.rb:4
