

Orangutan - Bug #30

Recover status changes after restart

28 Feb 2010 13:32 - Andriy Lesyuk

Status: Closed	Start date:
Priority: Minor	Due date:

Target version: 1.04	
Description UnfinishedTask context depends on status changes. It seems (need to check) that currently Orangutan “forgets” status changes after restart and does not ask a user to stop/break the task as expected. Perhaps in Init event it is possible to “recover” status changes and insert UnfinishedTask.
