

Orangutan - Feature #892

Tip of the day / Did you know that?..

Description			
<p>While I hate things like this in other software... such context would be very helpful for new users. Of course there should be possibility to turn off this feature.</p> <p>For this context new member should be added to Orangutan::Context object:</p> <pre>help => { tips => ['Tip #1...', 'Tip #2...',] }</pre>			
<p>Then when user comes online Orangutan randomly selects a tip and shows it to user...</p>
