

ISSUE-id - Feature #2381

Email handling with issue ids with ISSUE-id format (e.g. "[#PROJECT-123] ...")

08 May 2015 11:42 - Mikhail Voronyuk

Status:	Closed	Start date:	08 May 2015
Priority:	Normal	Due date:	05 Dec 2017
Assignee:	Andriy Lesyuk	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	0.0.2		
External issue:			
Description			
I've implement the feature in my instance. But I've made some changes in Redmine sources because I do not know how to make them in a plugin.			
If you will implement that feature in your plugin it will be great.			
(Unfortunately that patch is over my previous changes, but I hope you will understand it. The line 'require 'loofah/helpers"' may be omitted).			

Associated revisions

Revision 28 - 30 Nov 2017 16:17 - Andriy Lesyuk

Support for ISSUE-id in incoming emails (#ISSUE-10)

Revision 34 - 05 Dec 2017 19:35 - Andriy Lesyuk

Support for #ISSUE-IDs in email notifications (related to #ISSUE-10)

History

#1 - 28 Aug 2016 17:14 - Andriy Lesyuk

- Status changed from New to Incomplete
- Assignee set to Andriy Lesyuk
- Target version set to 0.0.2

#2 - 29 Nov 2017 15:21 - Andriy Lesyuk

- Status changed from Incomplete to Open

#3 - 30 Nov 2017 15:24 - Andriy Lesyuk

- Status changed from Open to In Progress

#4 - 30 Nov 2017 16:21 - Andriy Lesyuk

- % Done changed from 0 to 90

This has been implemented in [r28](#), but as far as I can say, #ISSUE-id is not used in subjects of outgoing emails, so this feature is not going to be used in practice. Or, [Mikhail](#) fixed this in [his fork](#) (so it's sent for him). In other words, I need to check more and, probably, implement support for #ISSUE-id in outgoing emails too.

#5 - 05 Dec 2017 19:37 - Andriy Lesyuk

- Due date set to 05 Dec 2017
- Status changed from In Progress to Closed
- % Done changed from 90 to 100

Support for new style in subject was added in [r33](#).
